

WIRING DIAGRAM FOR PORTABLE MP3 PLAYER EXAMPLES

The SparkFun MP3 Player Shield with VS1053 functions as a peripheral for Arduino UNO R4, UNO R3, LEONARDO, MEGA, or any compatible controller board. The provided connection diagram is compatible with both the `portable_mp3_player` and `portable_mp3_player_UNO_R4` examples from the `vs1053_avr_renesas_uno` library.

NOTE: The `portable_mp3_player_UNO_R4` example is exclusively compatible with the Arduino UNO R4.
